Grinding Wheels

The fastest, coolest grinding wheels on the market. Norton's patented SG (ceramic alumina) grain provides a burn free cut with controlled micro fracturing.

- "I" grade wheels are ideal for hollow grinding of large surface areas of plane blades and chisels.
- New harder "K" grade bond specifically designed for maximum performance when grinding bevells and re-sharpening wood turning and carving tools.

FEATURES	BENEFITS
■ Patented Norton SG grain	■ Fast cut
	■ Minimal burn
	■ Long wheel life
■ Nest bushings	■ Fits all bench grinders
■ 46-180 grit	■ Meets all finish needs
