

# RETAIL PACKAGED SHARPENING STONES

## Application

Norton has been the world leader in sharpening stones for over 100 years for every professional market. Our retail packaged line brings the same quality to the DIY market. Diamond stones are the latest addition which provides the optimum in performance and life. Abrasive stones are designed for lower costs, lower usage sharpening applications. The Knife & Scissor Sharpener is the entry level design that provides a quick and portable tool for 100s of sharpening applications. Each stone is specifically designed for a popular sharpening application and packaged to sell. Following the sharpening guide maximizes the effectiveness and ensures longer product line. See [www.nortonconsumer.com](http://www.nortonconsumer.com) for sharpening instructions.

## SHARPENING STONE BEST SET

Set dimensions: 24" wide x 20" high

For more sharpening products, see catalog #200.

**tip** Most manufacturer's ship their cutting tools without keen edges to avoid damage in transit. The blade tool/blade will need a good sharpening to realize its full potential.
