

BENCH & PEDESTAL WHEELS – WIRE

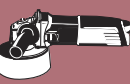

Application

Narrow face stringer bead wire delivers high impact cutting and cleaning for the toughest applications. Specially suited for groove and weld bead, corners and t-connections. Large wire wheels clean concrete and asphalt joints and cracks quickly and efficiently before filling or scaling.

NOTE: BUSHING SIZES INCLUDED WITH EACH BRUSH.

Applications

Our broad wire brush offering includes all the basic shapes and configurations: cups, saucer cups, wheels, end brushes and hand brushes – in standard and full cable twist knot, crimped and stringer bead designs.

Typical application includes:

- Cleaning rust, scale and dirt
- Light deburring
- Edge blending
- Roughening for adhesion
- Finishing for appearance
- Finish preparation prior to plating or painting

Powder-coated and color-coded hubs won't rust and prevent cross-contamination for the end-user:

Red for STEEL use

Blue for STAINLESS STEEL use

Knotted Wire Cup Brushes

KNOTTED CUP – STAINLESS

KNOTTED CUP – STEEL

KNOTTED CUP WITH GUARD

High-impact cutting and cleaning on more demanding applications such as heavy deburring, weld cleaning and cleaning larger surfaces. Use Double Row Knotted Cup brushes for heavy-duty, aggressive action in very severe applications.

Crimped Wire Cup Brushes

CRIMPED CUT

CRIMPED CUT WITH GUARD

For light- to medium-duty brushing applications on flat or irregular surfaces, and bevel buffing.

Saucer Cup Wire Brushes

Ideal for cleaning corners and other hard to reach areas.
